[Healing The Fragmented Selves Of](#)

In the shamanic perspective, true healing — spiritual healing — cannot be done on a physical level. Healing means to return to wholeness, and returning to wholeness is purely an inside job. Spiritual healing addresses the root — the spiritual — problems that cause dis-ease.. It is important to note that shamans believe that despite their great accessibility to the spirit realm, all ...

Inner child work is the process of contacting, understanding, embracing, and healing your inner child. Your inner child represents your first original self that entered into this world; s/he contains your capacity to experience wonder, joy, innocence, sensitivity, and playfulness.. Unfortunately, we live in a society that forces us to repress our inner child and “grow up.”

What is disorganized attachment? When a child has an ideal attachment, the parent or primary caretaker provides the child with a secure base from which the child can venture out and explore independently but always return to a safe place. When a parent or caregiver is abusive, the child may experience the physical and emotional abuse and scary behavior as being life-threatening.

A very interesting variant is presented in Bakuman. It's the unique and slightly dark manga that the main characters wrote that sets the biggest Jerkass in the series, Toru Nanamine, on the path to becoming a conniving douche-canoe when he becomes old enough to publish his own manga. For instance, the short that they publish, Money and Intelligence, which takes place in a world where people ...
